

LEAVING A GIFT IN YOUR WILL

Pave the way for the next 200 years

Leave a gift to Heriot-Watt in your will and ensure that the greatest minds can achieve their potential regardless of background, ethnicity, disability, or gender.

How to arrange a legacy to Heriot-Watt

There are various options for leaving a legacy. We recommend that you discuss these with your legal advisor to identify the best choice for you and your family.

Directing your gift

Unrestricted support will allow the University to respond to our changing future; reacting quickly to new discoveries, supporting students with the greatest need and continuing to strive for global success.

You may, however, have a particular interest or cause that you wish to support. We would be delighted to discuss any ideas you have and how these may complement future projects at Heriot-Watt.

Let us thank you in your lifetime

A will is very personal, and you may choose not to share your intentions. If you do wish to let us know about a legacy to the University we will be able to thank you personally and share how your support can make a lasting impact.

HELP MAKE A DIFFERENCE
