

Graduate Outcomes Survey

The Graduate Outcomes survey is conducted by HESA on behalf of all UK higher education providers, capturing information about the activities and opinions of graduates after they finish their studies. All leavers whose studies were based in the UK are asked to complete the survey.

As a Heriot-Watt graduate your responses are very important to us to help current and future students gain insight into their potential career destinations.

We would be grateful if you could consent to hearing from the Watt Club during the graduation registration process and please update your [contact details](#) to make sure that you receive the survey

The Watt Club

The Development & Alumni Office support The Watt Club, our university alumni association. You automatically become a member of the Watt Club when you graduate.

To find out about the benefits of being part of a truly global network please visit www.hw.ac.uk/alumni/the-watt-club

Careers and Graduate Futures

Our careers support for graduates

Find us:

Email: careers@hw.ac.uk

Graduated in the past 2 years?

Careers & Graduate Futures are delighted to offer careers support to all recent graduates from UK campuses, Dubai & Malaysia.

For up to 2 years after graduation you have exclusive access to our specialist careers guidance and advice service for Heriot-Watt Graduates from campuses in UK, Dubai and Malaysia.

Your Graduate Career Consultants are Sarah Innes and Lorraine Chambers.

Help with career planning and jobsearch

Our graduate Career Consultants offer individual online appointments to discuss your career planning and development including help to manage your jobsearch. Appointments are available on [GRADfutures](https://www.hw.ac.uk/uk/students/careers/uk/careers-support-for-graduates.htm).

Professional development events

We offer a programme of professional development seminars and workshops to support your career development. See GRADfutures for details of our career development events.
